

CHAPTER 11. EDUCATION ELEMENT

EDUCATIONAL ELEMENT GOAL

Develop, operate, and maintain a system of public education by Miami-Dade County Public Schools, in cooperation with the village and other appropriate governmental agencies, which will strive to improve the quality and quantity of public educational facilities available to the residents of Miami Shores Village and Miami-Dade County, Florida. Miami Shores Village will maintain its inter-local agreement with Miami-Dade County Public Schools.

OBJECTIVE 1:

Promote the reduction of the overcrowding that currently exists in the Miami-Dade County Public Schools, while striving to attain an optimum level of service pursuant to OBJECTIVE 1.5. Work with Miami-Dade County Public Schools to develop additional solutions to overcrowding so that Miami-Dade County Schools achieves public school enrollment in Miami Shores Village that will meet state requirements for class size, while recognizing that Miami-Dade County Schools has only one school in Miami Shores Village, an elementary school, and while recognizing that Miami Shores Village is a built out community with almost no vacant land or opportunity for development that will increase enrollment.

POLICY 1.1:

Coordinate with Miami-Dade County Public Schools in their efforts to continue to provide new student stations through their Capital Outlay program, as funding is available.

POLICY 1.2:

Collect impact fees from new development for transfer to Miami-Dade County Public Schools to offset the impacts of these additional students on the capital facilities of the school system, while recognizing that Miami Shores Village is a built out community with almost no vacant land or opportunity for development that will increase student enrollment.

POLICY 1.3:

Coordinate with Miami-Dade County Public Schools in their efforts to develop and implement alternative educational facilities, such as primary learning centers, which can be constructed on small parcels of land and relieve overcrowding at elementary schools, in so far as funding, land availability and rules permit.

POLICY 1.4:

Coordinate with Miami-Dade County Public Schools in their efforts to provide public school facilities to the students of Miami-Dade County that operate at optimum capacity, subject to funding availability. Operational alternatives may be developed and implemented, where appropriate, which mitigate the impacts of overcrowding while maintaining the instructional integrity of the educational program.

POLICY 1.5:

Coordinate with Miami-Dade County Public Schools in their efforts to maintain and/or improve the established level of service (LOS), for Public Educational Facilities, as established for the purposes of school concurrency.

POLICY 1.6:

Miami-Dade County Public Schools' comments shall be sought and considered on residential comprehensive plan and zoning amendments which could impact the school district, to be consistent with the terms of the state mandated Interlocal Agreement pursuant to Sections 1013.33 and 163.31777, Florida Statutes.

POLICY 1.7:

Capital improvement programming by Miami-Dade Public Schools shall be based on future enrollment projections and demographic shifts and targeted to enhance the effectiveness of the learning environment. The future enrollment projections shall utilize student population projections based on information produced by the demographic, revenue, and education estimating conferences pursuant to Section 216.136, Florida Statutes, where available, as modified by Miami-Dade County Public Schools based on development data and agreement with the local governments, the State Office of Educational Facilities and the State SMART Schools Clearinghouse.

Miami-Dade County Public Schools may request adjustment to the estimating conferences' projections to reflect actual enrollment and development trends. In formulating such a request, Miami-Dade County Public Schools shall coordinate with the Cities and County regarding development trends and future population projections. Miami-Dade Public Schools shall consider development trends and future population projections for Miami Shores Village based on Miami Shores Village as a built out community with almost no vacant land or opportunity for development that will increase population or school enrollment.

POLICY 1.8:

Coordinate with Miami-Dade County Public Schools and applicable local

governments through the Staff Working Group of the Interlocal Agreement to review annually necessary revisions to the Educational Element and school enrollment projections.

OBJECTIVE 2:

Coordinate new residential development with the future availability of public school facilities consistent with the adopted level of service standards for public school concurrency, to ensure the inclusion of those projects necessary to address existing deficiencies in the 5-year schedule of capital improvements, and meet future needs based upon achieving and maintaining the adopted level of service standards throughout the planning period.

POLICY 2.1:

The adopted level of service (LOS) standard for all public school facilities within and served by Miami Shores Village is 100% utilization of Florida Inventory of School Houses (FISH) Capacity (With Relocatable Classrooms). This LOS standard, except for magnet schools, will be applicable in each public school concurrency service area (CSA), defined as the public school attendance boundary established by Miami-Dade County Public Schools.

The adopted LOS standard for Magnet Schools is 100% of FISH (With Relocatable Classrooms), which shall be calculated on a district wide basis.

POLICY 2.2:

Although not the established LOS standard, it is the goal of Miami-Dade County Public Schools and the Village for all public school facilities to achieve 100% utilization of Permanent FISH (No Relocatable Classrooms) capacity. To help achieve the desired 100% utilization of Permanent FISH County Public Schools should continue to decrease the number of relocatable classrooms over time. Public school facilities that achieve 100% utilization of Permanent FISH capacity should, to the extent possible, no longer utilize relocatable classrooms, except as an operational solution to achieve the level of service standard during replacement, remodeling, renovation or expansion of a public school facility. However, the LOS standard for concurrency purposes remains as established in Policy 2.1.

The Village in coordination with Miami-Dade County Public Schools will assess the viability of modifying the adopted LOS standard to 100% utilization of Permanent FISH (no relocatable classrooms) for all Concurrency Service Areas (CSAs).

POLICY 2.3:

In the event the adopted LOS standard of a CSA cannot be met because of a proposed development's impact, the development may proceed, provided at least

one of the following options is satisfied:

- a) The development's impact can be shifted to one or more contiguous CSAs that have available capacity and is located, either in whole or in part, within the same Miami-Dade County Public Schools designated geographic areas (Northwest, Northeast, Southwest, or Southeast) as the proposed development; or,
- b) The development's impact is mitigated, proportionate to the demand for public schools it created, pursuant to a Proportionate Share Mitigation Agreement through a combination of one or more appropriate proportionate share mitigation options, as defined in Section 163.3180 (6)(a-k), Florida Statutes, as amended. The intent of these options is to provide for the mitigation of residential development impacts on public school facilities, guaranteed by a legal binding agreement, through mechanisms that include, one or more of the following: (1) contribution of land; (2) the construction, expansion, or payment for land acquisition or construction of a permanent public school facility; or (3) the creation of a mitigation bank based on the construction of a permanent public school facility in exchange for the right to sell capacity credits. The Proportionate Share Mitigation Agreement is subject to approval by Miami-Dade County Public Schools and Miami Shores Village council and must be identified in the Miami-Dade County Public Schools Facilities Work Program; or,
- c) The development's impacts are phased to occur when sufficient capacity will be available.

If none of the above conditions is met, the development shall not be approved.

POLICY 2.4:

Concurrency Service Areas (CSAs) shall be delineated to: 1) maximize capacity utilization of the facility; 2) limit maximum travel times and reduce transportation costs; 3) acknowledge the effect of court-approved desegregation plans; 4) achieve socio-economic, racial, cultural and diversity objectives; and 5) achieve other relevant objectives as determined by Miami-Dade County Public Schools' policy on maximization of capacity. Periodic adjustments to the boundary or area of a CSA may be made by Miami-Dade County Public Schools to achieve the above stated factors. Other potential amendments to the CSAs shall be considered annually at the Staff Working Group meeting to take place each year no later than April 30 or October 31, consistent with Section 9 of the Interlocal Agreement for Public School Facility Planning.

POLICY 2.5:

Ensure, via the implementation of the concurrency management system and Miami-Dade County Public School Facilities Work Program for educational facilities that existing deficiencies are addressed and the capacity of schools is sufficient to support residential development at the adopted level of service (LOS) standards throughout the planning period in the 5-year schedule of capital improvements.

POLICY 2.6:

Miami-Dade County Public Schools will provide the Village with a copy of its Facilities Work Program annually, pursuant to the timeframes established in the Interlocal Agreement.

POLICY 2.7:

Pursuant to Chapter 163, Florida Statutes, the Miami-Dade County Public Schools annually updated 5-Year District Facilities Work Program is incorporated by reference into the village's Capital Improvement Plan, as applicable.

Miami-Shores Village shall coordinate with Miami-Dade County Public Schools to annually update its Facilities Work Program and/or concurrency service area maps to include existing and anticipated facilities for both the 5-year and long-term planning periods, and to ensure that the adopted level of service standard will continue to be achieved and maintained. Miami-Shores Village, through its annual updates of the 5-year Capital Improvements Element and Program will incorporate by reference the latest adopted Miami-Dade County Public Schools Facilities Work Program for educational facilities. Miami Shores Village, Miami-Dade County Public Schools, and other local governments will coordinate their planning efforts prior to and during the Village's Comprehensive Land Use Plan amendment process, and during updates to the Miami-Dade County Public Schools Facilities Work Program.

The Miami-Dade County public Schools Facilities Work Program will be evaluated on an annual basis to ensure that the level of service standards will continue to be achieved and maintained throughout the planning period.
