Contact Eric Olsen or Kelly Fernandez at (305) 795-2241 for an appointment.

1.4.3 It is the sole responsibility of the bidder to visit, inspect, and verify dimensions and the extent of work required. This includes but is not limited to measuring the area to determine the actual quantity of materials to be supplied. Failure to inspect the site prior to bidding will not relieve the contractor of the responsibility of providing all the work and supplying the materials included in these specifications.

**1.5** Protection of Existing Site Conditions:

The contractor shall take the necessary precautions to protect the site. Should damage be incurred, the contractor shall repair the damage to its original condition at his own expense.

If, at the semifinal inspection, any work is found unsatisfactory, in whole or in part, the owner shall give the contractor the necessary instructions as to replacement and/or correction of such work, and another

inspection shall be made, which shall constitute the final inspection if the work is satisfactorily completed.

**1.9** Final Acceptance:

Final acceptance of the work may be obtained from the owner upon the satisfactory completion of all work.

**1.10** Materials:

All materials throughout the resurfacing project shall be new and in perfect condition. No deviations from the specifications shall be allowed unless approved by the owner. All materials should be used in accordance with manufacturer specifications and adhere to guideline set by Florida Department of Health.

**2.0** **MATERIALS**

**2.1** Description:

Exposed Aggregate is a form of decorative concrete achieved by removing the top layer of cement paste and revealing the underlying aggregate. The decorative aggregate now becomes a very durable, skid-resistant surface for the interior of swimming pools.

**3.0** **SITE PREPARATION**

**3.1** Protecting the Deck:

Surrounding deck areas will be protected in high-traffic areas with rubber mats and visqueen plastic as needed.

**3.2** Protecting the Surface Returns & Gutter System:

Care should be taken to protect and maintain quality and function of existing stainless steel returns, gutters and grates.

**4.0** **DRAINING THE POOL**

Draining of the pool will be executed under continuous supervision by authorized personnel provided by the contractor. Perimeter well points will be installed around the deep end perimeter prior to draining. Hydrostatic relief plugs will be removed and left open until completion of the project. Precautions should be taken to control ground water (temporary pumps may be installed to control ground water).

## **5.0 SURFACE PREPARATION**

- 5.1** All substrates must be free of dirt, grease, oil, dust, chalking or shipping paint, or any foreign material that may prevent or inhibit proper bonding.
- 5.2** The pool surface will be checked for stability and sounded for any loose or delaminated pool finish. Any structural problems or imperfections found shall be the responsibility of the contractor to repair.
- 5.3** Existing tile must be undercut for proper seal of pool finish and even application of exposed aggregate applied.
- 5.4** Surface will be acid washed for proper etching and all acid residues removed with a 3,500 psi pressure washing. All acids will then be neutralized prior to disposal. The pool surface may be bleach washed and degreased with tri-sodium phosphate if necessary.
- 5.5** Voids where the existing finish has been removed and a single application of exposed aggregate finish will not bring the surface to a uniform plane, will be filled with additional applications to ensure a good workability. Before application of additional material, the surface to be patched will be maintained in a damp condition for several hours prior to application of the material to reduce suction and ensure good bond.
- 5.6** Inlets, Returns, Main Drains and Vacuum Covers
- 5.6.1 All plastic pool fixtures (to include main drain covers, return covers and vacuum line covers) should be replaced with new fixtures that meet current Florida Department of Health code requirements (VGBA).
- 5.6.2 The area around all fixtures is to be cut back (undercut to a 3/8" depth as well as light niches) and replaced to allow for new pool finish and to ensure a quality seal around the new fixtures. The main drain frame and grate will be installed as required to provide ¼" minimum ground for new exposed aggregate finish.
- 5.6.3 Existing stainless steel returns and gutters are not to be altered. Application of the new pool finish should be flush with the existing lower edge of the stainless steel gutter without restricting or altering the flow of surface returns.
- 5.7** Shell Cracks:
- 5.7.1 It shall be the responsibility of the contractor to fix any imperfections/cracks/damage to the pool shell. Cost for such repairs should be included in the contractor's bid for resurfacing.
- 5.7.2 Loose surface around cracks will be removed.
- 5.7.3 Cracks will be cut out or sawed to a depth of not less than ½". This cut out shall take the form of a raglet with parallel sides (not to be a vee-cut).

- 5.7.4 The raglet will be cleaned, completely free from dust, and a flexible sealant suitable for concrete repairs will be pressed into the raglet in strict accordance with the manufacturer's instructions. (a typical product would be Memeco's Vulkum Sealant No. 116)
- 5.7.5 Exposed aggregate will be applied directly over the repair work. Subsequent shifting or movement of the pool shell will most certainly cause the crack to recur in the newly applied exposed aggregate; however, flexible material used to repair the crack will preclude the danger of water loss by leakage.
- 5.7.6 Remove all existing material from the top horizontal portion of the first entrance step so that when the new exposed aggregate material is applied it is flush with the existing lower edge of the stainless steel gutter without impeding return flow.

**5.8 Application of Dura-Bond Mechanical Bonding System:**

- 5.8.1 A mechanical bonding system shall be applied to all existing pool surfaces before refinishing with exposed aggregate. The use of liquid binding agents will not meet mechanical bonding standards and, therefore, shall not be used.

**5.9 Mixing:**

- 5.9.1 Only potable water shall be used.
- 5.9.2 Uniformity from batch to batch is to be ensured by measuring water consistently from batch to batch and by mixing each batch the same amount of time.
- 5.9.3 Only enough water should be added to bring the material to a smooth lump-free consistency (as determined by the manufacturer).
- 5.9.4 The mixing process should start by adding 2/3 of the mixing water to the mixer. The appropriate amount of pool finish should be added and then the remaining 1/3 water should be added bringing the mixture to a workable consistency.

**6.0 APPLICATION OF THE FINISHED PRODUCT**

- 6.1 After exposed aggregate has been properly mixed, it may be trowel or spray applied over a dampened substrate. Recommended thickness is ¼" to 3/8".
- 6.2 Pool finishes are designed to be a monolithic coating. Sufficient personnel should be employed to eliminate cold joints. If the pool must be completed in phases, predetermined stopping points must be used, such as tile lane markers, etc.
- 6.3 Once the surface of the pool finish has set hard enough to allow light foot traffic, remove the "cream" or "fat" to expose the quartz aggregate by water washing with a soft bristle broom or soft sponge and water. The timing of the water wash can only be determined at the jobsite taking into consideration the factors of heat, humidity, and substrate suction.

- 6.4 After the finish has been water washed, the applicator may elect to clean the “haze” off the surface by washing with a 50/50 solution of muriatic acid and water. The experienced applicator will determine when an acid wash is needed.
- 6.5 It is acceptable to wait until the following day to acid wash, but the finish must be water washed the same day as application to ensure adequate quartz exposure.
- 6.6 If the entire finishing process is completed in one (1) day, fill the pool immediately. If you elect to leave the pool open until the next day to complete an acid wash, fill the pool immediately upon completion of the acid wash.
- 6.7 Exposed aggregate finish shall not be applied during rain and any material, which has been newly placed, shall be protected in the event of rain by canvas, plastic, or other film. All surfaces will be troweled to a smooth, dense hard finish including radii. Flat surfaces will be made “flat.” Material will be brought to level with large trowels during initial application.
- 6.8 No “sponging” of compound radii or steps will be done. Excess tempering of the finish for late troweling will be avoided. The finished surface shall be free of stains, discoloration from trowel burns, streaking, trowel marks, and cat faces before the pool is filled with water.

#### 7.0 **FILLING THE POOL**

After the finish has achieved its initial set, the pool will be gradually filled with water. Care will be used so that fill water does not wash directly against any newly finished surface. The pool will be filled without interruption to help avoid dirt rings. It shall be the owner’s responsibility to provide suitable water for initial filling of the pool. ***Care must be taken that the water does not contain excessive amounts of iron, manganese, or other suspended metals, which may stain the newly applied finish.*** The contractor will provide a chelating chemical, which will be added to the water during the fill process to help avoid precipitation of solids, which may be present in the water.

#### 8.0 **START-UP**

Upon fill-up and start-up of the filter system, pool water will be treated with metal sequestering agents and then balanced to National Spa and Pool Institute standards. Initial brushing and vacuuming of the pool will be performed by the contractor.

#### 9.0 **STORAGE**

Inventory shall be turned regularly and kept dry. Bagged product shall be kept dry from all forms of moisture, both direct and indirect, to ensure for maximum product usage, uniformity, and productivity.

**10.0 WARRANTY**

**10.1** The contractor shall provide to the owner a full five (5) year warranty on labor against failure caused by delamination, cracking, or spalling and a full five (5) year manufacturer's warranty on the material.

**10.2** The effectiveness of this product depends upon its proper application and the condition and preparation of the surface to which it is applied.

**10.3** Exposed aggregate should be applied over surfaces prepared as previously described.

**11.0 MAINTENANCE**

The long-term performance of exposed aggregate will be directly proportional to the care taken during the filling process, the first ninety (90) days of pool maintenance and routine consistent maintenance.

**11.1** Start-up procedures should be followed as recommended by Pool Products used.

**END OF SPECIFICATIONS**

Miami Shores Village further reserves the unqualified right to determine whether any particular item(s) is an approved equal and reserves the unqualified right to a final decision regarding the approval or rejection of the same. individual, firm, partnership, cooperation, or association under the same or different names may be rejected. #### CONFLICT OF INTEREST

The contractor, by submission of its proposal, certifies that to the best of his/her knowledge or belief, no elected/appointed official or employee of Miami Shores Village is financially interested, directly or indirectly, in the offer of goods or services specified in this invitation and the required form must be submitted with the bid proposal. The required form must be submitted with the bid proposal.

#### EXCEPTIONS

Conditional or qualified bids, unless specifically allowed, shall be subject to rejection in whole or in part.

#### EXPENSES INCURRED IN PREPARING BID

Miami Shores Village accepts no responsibility for any expense incurred by the bidder in the preparation and presentation of a bid. Such expenses shall be borne exclusively by the bidder.

#### FAILURE TO DELIVER

In the event of failure of the contractor to deliver the goods and services in accordance with the contract terms and conditions, Miami Shores Village may procure the goods and services from other sources and hold the contractor responsible for any resulting additional costs. A failure to deliver may result in immediate termination of a resulting contract, and immediate disqualification and debarment from submitting bids to Miami Shores Village for a maximum of three (3) years. These remedies shall be in addition to any other remedies that Miami Shores Village may have available.

#### FAILURE TO ENFORCE

Failure by Miami Shores Village at any time to enforce the provisions of the contract shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the contract or any part thereof or the right of Miami Shores Village to enforce any provision at any time in accordance with its terms.

#### FAIR LABOR STANDARDS

By submission of a bid, the bidder certifies that the contractor(s) and/or subcontractor(s) providing product(s) or service(s) shall, in the execution or performance of such a contract, maintain fair labor standards as defined in applicable State and Federal regulations.

#### FORCE MAJEURE

The contractor shall not be held responsible for failure to perform the duties and responsibilities imposed by the contract due to legal strikes, fires, riots, rebellions, and acts of God beyond the control of the contractor, unless otherwise specified in the contract.

Identical bids or bids which otherwise appear suspicious will be reported to the Village Attorney for investigation.

#### INDEMNIFICATION

In consideration of the sum of Fifteen and 00/100 Dollars (\$15.00), the receipt and sufficiency of which is acknowledged by the contractor to be included and paid for in the contract price, the contractor shall indemnify, defend, and hold harmless Miami Shores Village and its agents and employees from and against all liabilities, claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from the performance of the work, provided that any such liability, claim, damage, loss, or expense: 1) is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the work itself), including the loss of use resulting therefrom; and 2) is caused in whole or in part by any negligent act or omission of the contractor and subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, except for those wholly caused by the negligent act or omission of Miami Shores Village.

In any and all claims against Miami Shores Village or any of its agents or employees by any employee of the contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under the previous paragraph shall not be limited in any way as to the amount or type of damages, compensation, or benefits payable by or for the contractor or any subcontractor under Workers' Compensation Acts, disability benefit acts, or other employee benefit acts.

### INDEPENDENT CONTRACTOR

The contractor shall be legally considered an independent contractor and neither the contractor nor its employees shall, under any circumstances, be considered servants or agents of Miami Shores Village; and Miami Shores Village shall be at no time legally responsible for any negligence or other wrongdoing by the contractor, its servants, or agents. Miami Shores Village shall not withhold from the contractor any Federal or State unemployment taxes, Federal or State income taxes, Social Security tax, or any other amounts for benefits to the contractor. Further, Miami Shores Village shall not provide to the contractor any insurance coverage or other benefits, including workers' compensation, normally provided by Miami Shores Village for its employees.

### INFORMALITIES AND IRREGULARITIES

Miami Shores Village has the right to waive minor defects or variations of a bid from the exact requirements of the specifications that do not affect the price, quality, quantity, delivery, or performance time of the services being procured. If insufficient information is submitted by a bidder with the bid for Miami Shores Village to properly evaluate the bid, Miami Shores Village has the right to require such additional information as it may deem necessary after the time set for receipt of bids, provided that the information requested does not change the price, quality, quantity, delivery, or performance time of the services being procured. Miami Shores Village reserves the right to reject any or all bids in whole or in part; to award by any item, group(s) of items, total bid, or accept the bid that is most advantageous and in the best interest of Miami Shores Village.

### LAW COMPLIANCE

Each party will comply with all applicable Federal, State and local laws, rules, regulations, and guidelines related to performance or that may in any manner affect the items under this agreement. In particular, the contractor/vendor/named party verifies and affirms that it is in compliance with 8 U.S.C., Sec. 1324, prohibiting the employment either directly or by contract, subcontract, or exchange of unauthorized aliens in the United States. The Village will consider the employment of unauthorized aliens by any contractor/vendor/named party, during the term of the agreement, a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of such agreement by the Village. Lack of knowledge by the bidder will in no way be a cause for relief from responsibility.

### LIMITATION OF COST

The contractor agrees to perform the work specified and complete all obligations under the contract within the stated amounts.

### LOBBYING ACTIVITIES

All bidders should familiarize themselves with the requirement of the Miami Shores Village Code Chapter 2, Article VII (Code §§2-100 et seq.) regarding Lobbyist Registration, and should comply therewith.

### NONAPPROPRIATION

All funds for payment by Miami Shores Village under any awarded contract are subject to the availability of an annual appropriation for this purpose by Miami Shores Village. In the event of non-appropriation of funds by Miami Shores Village for the services provided under the contract, Miami Shores Village will terminate the contract, without termination charge or other liability, on the last day of the then- current fiscal year or when the appropriation made for the then-current year for the services covered by this contract is spent, whichever event occurs first. If at any time funds are not appropriated for the continuance of this contract, cancellation shall be accepted by the contractor on thirty (30) days prior

written notice, but failure to give such notice shall be of no effect, and Miami Shores Village shall not be obligated under this contract beyond the date of termination.

#### NONCONFORMING TERMS AND CONDITIONS

A bid response that includes terms and conditions that do not conform to the terms and conditions in the bid document is subject to rejection as nonresponsive. Miami Shores Village reserves the right to permit the bidder to withdraw non-conforming terms and conditions from its bid response prior to a determination by Miami Shores Village of non-responsiveness based on the submission of nonconforming terms and conditions.

#### NONDISCRIMINATION

By submission of bid, the bidder certifies that the contractor(s) and/or subcontractor(s) providing product(s) or service(s) shall not discriminate against any employee or applicant for employment, to be employed in the performance of such contract, with respect to his/her hire, tenure, terms, conditions, or privileges of employment, because of his/her race, color, religion, sex, disability, or national origin, as outlined in applicable State and Federal regulations.

#### PATENTS AND ROYALTIES

The contractor covenants to save, defend, keep harmless, and indemnify Miami Shores Village and all of its officers, departments, agencies, agents, and employees from and against all claims, loss, damage, injury, fines, penalties, and cost—including court costs and attorney's fees, charges, liability, and exposure, however caused—for or on account of any copyright or patented or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by Miami Shores Village. Discounts for payment in less than forty-five (45) days will not be considered during evaluation for award, but may be taken if applicable after award.

Failure to provide these specifications may be cause for bid rejection. If the Village is unable to verify compliance with the specifications, the response may be rejected. The Village's inability to verify responsiveness may result in a determination of non-responsiveness and rejection.

PURCHASE ORDER REQUIREMENT

Purchases of Miami Shores Village are authorized only if a signed purchase order is issued in advance of the transaction, showing that the ordering agency has sufficient funds available to pay for the service. Contractors providing services without a signed purchase order do so at their own risk. Miami Shores Village will not be liable for payment for any services provided under contract unless a valid purchase order has been issued to the contractor.

### QUALIFICATIONS OF BIDDERS

The bidder may be required before the award of any contract to show to the complete satisfaction of Miami Shores Village that it has the necessary facilities, ability, and financial resources to provide the service specified therein in a satisfactory manner. If the scope of work requires, bidders must be licensed contractors in the State of Florida and/or South Florida at the time of bid submission and be current with all insurance requirements per the licensing authority. The successful bidder will be required to apply for and obtain applicable building permits from the Miami Shores Village Building Department prior to project start date.

The bidder may also be required to give a past history and references in order to satisfy Miami Shores Village in regard to the bidder's qualifications. Miami Shores Village may make reasonable investigations deemed necessary and proper to determine the ability of the bidder to perform the work, and the bidder shall furnish to Miami Shores Village all information for this purpose that may be requested. Miami Shores Village reserves the right to reject any bid if the evidence submitted by, or investigation of, the bidder fails to satisfy Miami Shores Village that the bidder is properly qualified to carry out the obligations of the contract and to complete the work described therein. Evaluation of the bidder's qualifications shall include:

1. The ability, capacity, skill, and financial resources to perform the work or provide the service required.
2. The ability of the bidder to perform the work or provide the service promptly or within the time specified, without delay or interference.
3. The character, integrity, reputation, judgment, experience, and efficiency of the bidder.
4. The quality of performance of previous contracts or services.

### QUALITY OF GOODS

All goods shall be new, in first class condition, and of the manufacturer's latest design of the model presently in production. All materials, supplies, and equipment furnished or services performed under the terms of this purchase order or contractual agreement shall comply with the requirements and standards specified in the Williams-Steiger Occupational Safety and Health Act of 1970 (Public Law 91-596), as well as other applicable Federal, State, and local codes. Equipment and materials furnished by the bidder having serious defects, corrosion, or scratches which tend to present an "other than new" appearance shall be promptly replaced or such defects promptly corrected by the bidder at no cost to Miami Shores Village. Any existing Material Safety Data Sheets (MSDS) for the products, materials, supplies, or equipment being bid must be submitted with the bid. No product containing asbestos, lead paint, or polychlorinated biphenyl (PCB) in any form will be considered for award by Miami Shores Village.

### RECOVERY OF MONEY

Whenever, under an awarded contract, any sum of money shall be recoverable from or payable by the contractor to Miami Shores Village, the same amount may be deducted from any sum due the contractor under such contract or under any other contract between the contractor and Miami Shores Village. The rights of Miami Shores Village are in addition and without prejudice to any other right Miami Shores Village may have to claim the amount of any loss or damage suffered by Miami Shores Village on account of the acts or omissions of the contractor.

### RIGHT TO INSPECT

The contractor shall maintain such financial records and other records as they relate to the purchase of goods and/or services by Miami Shores Village from the subject vendor. The contractor shall retain these records for a period of three (3) years after final payment. These records shall be made available during

the term of the contract and the subsequent three (3) year period for examination and/or transcription by Miami Shores Village, its designees, or other authorized bodies.

**RISK OF LOSS**

Miami Shores Village shall be relieved from all risks of loss or damage to goods during periods of transportation, manufacture, and the entire time the goods are in the possession of Miami Shores Village prior to acceptance by Miami Shores Village. Upon acceptance, the risk of loss or damage for goods shall pass to Miami Shores Village. The bidder/contractor shall not be responsible for damage to the goods occasioned by negligence of Miami Shores Village or its employees.

**TAXES**

All bids shall be submitted exclusive of direct Federal, State, and local taxes; however, if the bidder believes certain taxes are properly payable, he/she may list such taxes separately in each case directly below the respective item bid price. Prices quoted must be in units specified, and shall not include the cost of any such taxes, including those on any material, supplies, or equipment used or installed in the work. Miami Shores Village does not pay Federal Excise and Sales Taxes on direct purchases of tangible personal property. See Exemption Number on face of the resulting purchase order. This exemption does not apply to purchases of tangible personal property made by contractors who use the tangible personal property in the performance of contracts for improvement of Village-owned real property. Please refer to Chapter 192, Florida Statutes.

**UNSATISFACTORY WORK**

If, at any time during the contract term, the service performed or work done by the contractor is considered by Miami Shores Village to create a condition that threatens the health, safety, or welfare of the community, the contractor shall, on being notified by Miami Shores Village, immediately correct such deficient service or work. In the event the contractor fails, after notice, to correct the deficient service or work immediately, Miami Shores Village shall have the right to order the correction of the deficiency by separate contract or with its own resources at the expense of the contractor. Notwithstanding the above, Miami Shores Village reserves the right to cancel a resulting contract, without cause, by giving thirty (30) days' prior written notice to the contractor of the intention to cancel.
