

Miami Shores Village

Request for Proposals No. 2019-04-02

**“PROFESSIONAL SERVICES PLAN FOR A DESIGN BUILD
REPLACEMENT INTERACTIVE PLAY STRUCTURE AT THE
MIAMI SHORES AQUATIC CENTER”**

Amendment #1 – May 9, 2019

An amendment has been made to the *Materials* section on page 10 to now include the language “or material equal in design and durability.”

Materials: Ensure all materials are structurally sound and suitable for safe play. The main structure shall be Schedule 40 Stainless steel pipe *or material equal in design and durability*. All decks, staircases and links shall be 304 Stainless Steel perforated sheet (to permit drainage).
