BAYFRONT PARK PROJECT RECEIVES \$25,000 GRANT FROM COMMISSIONER MICKEY STEINBERG

Miami Shores Village is pleased to announce the award of \$25,000 in funding from Miami-Dade County Commissioner Mickey Steinberg to support enhancements and improvements at Bayfront Park following the completion of seawall construction. This funding will help advance the next phase of improvements at the Village's treasured bayfront park. With the seawall project serving as an important investment in shoreline protection and resiliency, the additional funding provides an opportunity to further improve the park experience for our residents. The awarded funds will be used to support park enhancements aimed at restoring and improving the area after construction, helping to ensure Bayfront Park remains a welcoming and enjoyable community space. These improvements reflect the Village's continued commitment to

maintaining public spaces, strengthening waterfront infrastructure, and investing in amenities that enhance quality of life. Miami Shores Village appreciates Commissioner Steinberg's support and partnership in securing this funding for Bayfront Park. This investment will help build on the recent seawall improvements and contribute to the long-term beauty, functionality, and resilience of this important community asset.

MSV SECURES TWO MAJOR GRANTS TO ENHANCE TRAFFIC SAFETY AND MOBILITY

Miami Shores Village continues to take proactive steps toward improving roadway safety and traffic flow with the award of two important grants focused on transportation planning and safety. The Village is in line to receive \$40,000 in grant funding from the Miami-Dade Transportation Planning Organization (TPO) to conduct a comprehensive traffic study. This effort will evaluate current traffic patterns, identify congestion points, and provide data-driven recommendations to improve circulation throughout the community. The study will serve as a critical planning tool to help guide future infrastructure investments and ensure that the Village's transportation network meets the needs of residents, businesses, and visitors.

In addition, Miami Shores Village has been awarded a second grant through the Florida Department of

Transportation (FDOT) to complete a traffic safety study in the amount of \$300,000. The Village will provide a \$75,000 match. This initiative will take a closer look at roadway conditions, pedestrian and bicycle safety, and potential risk areas across the Village. The goal is to identify targeted safety improvements that can reduce accidents, enhance walkability, and create safer streets for all users. Together, these two grants represent a coordinated and forward-thinking approach to transportation planning. By leveraging outside funding, the Village is able to advance important studies without placing additional financial burden on residents. The findings from both studies will help inform future projects, support grant applications, and ensure that Miami Shores continues to prioritize safety, efficiency, and quality of life. Residents will have opportunities to stay informed and provide input as these studies move forward, helping shape the future of transportation in Miami Shores Village.

CENTENNIAL STORIES: HONORING 100 YEARS OF MIAMI'S CITIES

Approximately 80 guests gathered at the historic Opa-locka City Hall for Centennial Stories: Honoring 100 Years of Miami's Cities, a special program co-produced by the Miami Shores Historic Preservation Board and the City of Opa-locka. The event brought together historians and civic leaders from six communities celebrating their centennials between 1924 and 1926 to explore the shared history of cities founded during South Florida's 1920s land boom. Among those in attendance were Mayors Jerome Charles of Miami Shores, Walter Fajet of Miami Springs, and John H. Taylor Jr. of Opa-locka. Presented as part of Open House Miami by the Miami Center for Architecture & Design, the program highlighted the region's architectural heritage and the enduring connections among these historic communities. The panel was moderated by reporter Hank Tester of CBS Miami and included participation from WLRN Radio.

MCDONALD-PROMOTION TO SERGEANT

MSPD would like to announce the promotion of Officer Christopher McDonald to the rank of Sergeant. Sgt. McDonald began his law enforcement career with the Department July of 2007. He became a certified instructor and teaches law enforcement classes at the Miami-Dade School of Justice. Sgt. McDonald also served as a Detective. He was sworn-in as a Sergeant on February 25th, 2026. Please join us in congratulating Sgt. McDonald on his new position!

Pictured from left to right: Chief David Golt, Sgt. Christopher McDonald, and Deputy VM Christia Alou

PROGRAM PARTICIPANT TO PROGRAM COACH

One of the most inspiring parts of our athletics program is seeing the next generation step up to give back. This season, we're proud to have several young students from SAS and DCS working with us as flag football coaches. These great young men and women show up every day with smiles on their faces, ready to work and make a difference for the younger athletes in our community.

What makes it even more special is that some of these students once stood on these same fields as players themselves. Now they've returned as mentors, helping teach the game, encourage teamwork, and build confidence in the next group coming up behind them.

Their energy, positivity, and dedication make a real impact, and we're grateful to have them helping shape the future of our program. Thank you to these outstanding young leaders for giving back to the community that helped raise them.

MARCH COUNCIL ACTION NOTES:

- Approved a resolution accepting a grant from the State of Florida Department of Environmental Protection for the Miami Shores Village Southeastern Shores septic-to-sewer conversion project in the amount of \$8,713,614.01; authorizing the Village Manager to enter into a grant agreement and any related documents.
- Approved a resolution accepting additional grant funding from the State of Florida Department of Environmental Protection in the amount of \$2,000,000 for the Shores Estates septic-to-sewer project; authorizing the Village Manager to execute the grant agreement amendment and any related documents.
- Approved the award of Invitation to Bid No. 2025-12-01 for the Miami Shores Police Department roof; authorizing the Village Manager or designee to execute an agreement with the lowest responsive and responsible bidder, Roofing Services Solutions, LLC d/b/a Earl W. Johnston Roofing.
- Approved an ordinance amending the Village Code of Ordinances, Chapter 11 (Sustainability and Resiliency Committee), to update regulations pertaining to the committee.
- Approved a resolution authorizing the execution of a charitable donation agreement between the Village and Miami Shores Community Alliance, Inc., a charitable nonprofit 501(c)(3) organization, in the amount of \$5,000.
- Approved a resolution authorizing the execution of a charitable donation agreement between the Village and Miami Shores Elementary PTA, a charitable nonprofit 501(c)(3) organization, in the amount of \$1,000.
- Approved a variance from Section 6-9 (General Elevation Requirements) for the property located at 9999 NE 2nd Avenue

POLICE DEPARTMENT

MSPD'S NEW SENIOR SHIELD INITIATIVE

Chief David Golt is excited to announce MSPD's new Senior Shield Initiative, a community outreach program designed to provide crime prevention education and safety awareness for senior residents within the community.

The program will consist of three structured 60-minute sessions hosted by MSPD, led by Detective Schmucl Mauda and Retired Lieutenant Paul Vieira.

The sessions will be conducted in the police department training roll call room and are as follows:

Session 1, May 6

Understanding Scams and Fraud Targeting Seniors

Session 2, May 13

Personal Safety and Crime Prevention

Session 3, May 20

Modern Policing and Community Partnership

To register for the Senior Shield sessions, please contact: Captain Joseph Keeley, 305-759-2468.

Your MSPD is proud to continue strengthening community trust and enhance safety.

APRIL IS AUTISM AWARENESS MONTH

April marks Autism Awareness Month, a time dedicated to increasing understanding, acceptance, and support for individuals on the autism Spectrum and their families.

At the Miami Shores Police Department, this month is especially meaningful as it reinforces our ongoing commitment to serving every member of our community with empathy, knowledge, and care. Autism Spectrum Disorder (ASD) affects how individuals communicate, interact, and experience the world around them. For law enforcement, this means that traditional approaches to communication and response may not always be effective.

A person with autism may avoid eye contact, have difficulty responding to verbal commands, or exhibit behaviors that could be misunderstood in high-stress situations. Recognizing these differences is critical to ensuring safe and respectful interactions.

Over the years, the Miami Shores Police Department has taken proactive steps to better equip our officers with the tools and training necessary to interact with individuals on the spectrum. Officers receive specific, regular training and are encouraged to slow situations down, use clear and simple language, and be mindful of sensory sensitivities such as lights and sounds. Autism Awareness Month is also about acceptance and inclusion. It is an opportunity for all of us to reflect on how we can contribute to a more understanding and supportive community. Small actions, like practicing patience and learning about autism, can make a significant difference.

The Miami Shores Police Department remains dedicated to building trust, enhancing training, and fostering strong relationships with all members of our community. Together, we can ensure that Miami Shores remains a safe, inclusive, and welcoming place for everyone. The Miami Shores Police Department is committed to Service, Safety, and Community

BOARD NEWS

HISTORIC HOUSE OF THE MONTH

The Historic Preservation Board's selection for Historic House of the Month for April 2026 is this striking Mid-Century Modern residence, originally designed in 1950 by noted architect Joseph DeBrita. DeBrita designed many iconic buildings in greater Miami in Art Deco, Classical Revival and Modern styles. The home, built as an investment for Emerson K. Conger - a prominent local businessman, was promptly purchased by Henry T. Hodges, owner of the DeLuxe Laundry and Dry Cleaners in Miami Shores. The house is an excellent example of Tropical Modern architecture, featuring a flat roofline, expansive glass sliding doors that create a seamless indoor-outdoor connection, and decorative materials such as natural stone that enhance its warm, regional character. Particularly notable is the large, curvilinear backyard loggia, an elegant space designed for gracious outdoor living in South Florida's climate. The residence has recently undergone a thoughtful renovation that carefully preserves its defining MCM features while ensuring its continued vitality for future generations.

See the beautiful interior and gardens of this house at 500 NE 96th Street on the upcoming Mid-Century Modern Tour of Homes on Saturday, April 4th 2026. (Contact Jeffrey Saadeh at jeffreysaadeh@gmail.com for tickets).

P&R MARCH RECAP

FATHER DAUGHTER DANCE

What a magical evening to remember! Our Father-Daughter Dance was filled with special moments from start to finish.

The evening featured great music, plenty of dancing, laughter, and a delicious dinner everyone enjoyed. It was truly heartwarming to see so many fathers and daughters creating lasting memories together on the dance floor. Thank you to everyone who attended and helped make the night so special!

2026 TENNIS TOURNAMENT

With the forecast looking uncertain, we got lucky and enjoyed perfect weather for our first tennis tournament

of 2026! A total of 12 players competed in a fun doubles round-robin mixer. After the doubles matches, the top four players with the most wins/points advanced to the playoffs. The playoff format featured a 10-point tiebreaker, but with a twist; players competed in singles matches instead of doubles. The tournament was a great success and wrapped up with music, refreshments, and snacks. Thank you to everyone who came out to play and show their support. Congratulations to all of our medal winners!

PICKLEBALL 2.0 TOURNAMENT

Miami Shores Village and 24/7 Pickleball Events co-hosted a fantastic

Pickleball 2.0 Tournament on March 7. sold out and running smoothly from start to finish. Thirty-eight teams competed in Men's and Women's Doubles, and players enjoyed a skill-challenge court where top performances were awarded prizes. Thanks to all participants, volunteers, and organizers for making the event a great success!

GREEN DAY 2026

Saturday, April 18, 2026 | 3:30 PM – 8:30 PM

This year, the Arts & Culture Board is proud to sponsor the musical entertainment, featuring the inspiring Recycled Orchestra of Cateura and the lively sounds of Cortadito. In addition, they will be hosting a fun and creative arts and crafts project for kids on Green Street, perfect for young festivalgoers to get hands-on and inspired.

PARKS & RECREATION SUMMER CAMP

Summer Camp Brochure for 2026 is available! Online registration opens Monday April 1 for Miami Shores Residents. Nonresident registration will open, based on availability, on April 15. Please note that space is limited and availability is on a first come first serve basis.

MIAMI SHORES YMCA AFTERCARE PROGRAM

The YMCA Aftercare Program is off to a great start here in Miami Shores Village as they partner with the Parks & Recreation Department, providing a safe, engaging, and supportive environment for our community's youth. Designed to support working families, the program offers structured activities including homework assistance, recreational play, and character-building opportunities led by experienced staff.

Since its launch, the program has seen strong participation and positive feedback from both parents and students. This partnership reflects our continued commitment to enriching the lives of our residents by offering high-quality youth programming right here in the Village. We look forward to a successful season and continued growth of this valuable community resource.

CODE COMPLIANCE

In Miami Shores, Section 504(b)(2) regulates real estate signage to preserve neighborhood appearance and ensure public safety.

The code allows limited temporary signs, such as "For Sale" or "For Rent." However, strict guidelines apply to their size, placement, and duration. Common violations include placing signs in swales, rights-of-way, or attaching them to utility poles.

A frequent issue is the failure to remove signage promptly after a property has been sold or leased. Regulations specify that signs advertising land sales, rentals, or leases must:

- Not exceed 120 square inches in area
- Be limited to one sign per property

Additionally, all signs must be constructed of durable materials such as metal, plastic, wood, or pressed wood. They must be securely mounted to a supporting structure made of angle iron not exceeding one inch by one inch.

The supporting structure must be driven into the ground so that the top of the sign does not exceed four feet above the finished ground level.

A NEW StoryWalk® book is on show at Miami Shores Village Optimist Park

Come for an amazing outdoor reading adventure with our latest StoryWalk® book, "The Road Not Taken," by poet Robert Frost with illustrations by Vivian Mineker, the first children's book ever made of Frost's famous poem. Heartwarming illustrations accompany the original text of the poem as a young boy navigates life's many choices.

The StoryWalk® Project was created by Anne Ferguson of Montpelier, VT and developed in collaboration with the Kellogg-Hubbard Library. StoryWalk® is a registered service mark owned by Ms. Ferguson.

WATER RESTRICTIONS AND LAWN WATERING DAYS IN MIAMI-DADE COUNTY

SOUTH FLORIDA WATER MANAGEMENT DISTRICT							
SFWMD 2-Day-A-Week Watering							
No watering from 10am to 4pm							
IF YOUR ADDRESS ENDS IN:	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
1, 3, 5, 7, 9			Watering			Watering	
0, 2, 4, 6, 8				Watering			Watering
Properties with no address number follow Even schedule							

Miami-Dade County has year-round water restrictions designed to conserve water and protect South Florida's natural resources. These rules apply to all residents and businesses, regardless of whether the water comes from public utilities, private wells, or other sources such as canals or Water Restrictions and Lawn Watering Days in Miami-Dade County

Miami-Dade County has year-round water restrictions designed to conserve water and protect South Florida's natural resources. These rules apply to all residents and businesses, regardless of whether the water comes from public utilities, private wells, or other sources such as canals or lakes. The restrictions help preserve the region's main drinking water source, the Biscayne Aquifer, and ensure sustainable water use across the county.

Under the county's landscape irrigation rules, lawns and landscaping can only be watered two days per week. The specific days depend on whether a property has an odd- or even-numbered address. Homes with **odd-numbered addresses** (ending in 1, 3, 5, 7, or 9) may water their lawns on **Wednesdays and Saturdays**. Properties with even-numbered addresses (ending in 0, 2, 4, 6, or 8) may water on **Thursdays and Sundays**.

In addition to the designated days, watering is only permitted during certain hours. Irrigation is allowed **before 10a.m. or after 4p.m.**, when evaporation is lower and watering is more efficient. Watering lawns between **10a.m. and 4p.m.** is prohibited because the heat of the day causes excessive water loss and waste.

Some exceptions apply. Newly planted landscaping may be watered more frequently during the first 90 days to help plants establish roots. Activities such as washing cars, pressure cleaning, and using decorative fountains are generally not restricted, although residents are encouraged to conserve water whenever possible.

Following these watering rules helps protect Miami-Dade's water supply, especially during dry seasons when rainfall is limited. By limiting irrigation to specific days and hours, the county aims to reduce water waste and ensure enough water remains available for residents, ecosystems, and future generations.

The restrictions help preserve the region's main drinking water source, the Biscayne Aquifer, and ensure sustainable water use across the county.

PROPER DISPOSAL OF GRASS CUTTINGS AND LEAVES

The Public Works Solid Waste Division serves about 3,500 homes with weekly recycling, twice-weekly garbage pickup, and route-based yard waste collection. The following is a list of items to know.

- Provide adequate containers for proper waste disposal.
- Three cubic yards will be picked up with the bulk trash. Large tree stumps and trunks larger than 4" in diameter will require a special pick-up.
- Place grass clippings, leaves and other loose yard waste in heavy-duty plastic trash bags or separate containers.
- Loose vegetation/leaves that are not in plastic bags will not be picked up and a violation will be issued as per, Article 1., Sec. 9-2 b. Collection Services General Specifications.

(b)Containers for grass cuttings, leaves. Grass cuttings and leaves from shrubbery and trees shall be placed in containers with a minimum capacity of 20 gallons and a maximum capacity of 40 gallons, which containers shall be of galvanized metal, durable plastic or plastic bags. No loaded container shall exceed 50 pounds in weight, and the metal and durable plastic containers shall have handles on the sides and tightly fitting lids that are watertight and in place at all times. Plastic bags shall be sealed with a twist wrap to prevent water entry into the bag. If containers of any kind are in excess of 50 pounds total weight, same shall not be collected until after the director shall cause to be delivered to the concerned premises written notice of the weight violation; and if the violation is not corrected within three days of such notice, collection thereof will be made at a cost in double the amount of a special collection and assessed to the violator. Such fee shall not be less than \$100.00.

Properly bagged yard waste allows our teams to collect materials quickly, safely, and keep routes running on schedule. Your cooperation helps reduce delays, keeps our streets cleaner, and supports a smoother collection process for everyone. We truly appreciate your assistance and continued efforts to help maintain a clean, safe, and beautiful Village for all residents and visitors.
