However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. Re: Letter Report of Permeability Tests
Percolation Testing - NE 8th Avenue
 NE 8th Ave., between NE 91st Street & Biscayne Blvd.
 Miami Shores, Florida
 NV5 Project No.: 18400

Dear Mr. Alonso:

NV5, Inc. submits this report in fulfillment of the scope of services described in our Proposal 23-0722 dated September 06, 2023. This report contains the data collected and procedure used for the percolation testing.

PURPOSE

The purpose of our work was to perform permeability testing at the subject site and prepare this report summarizing the results of our testing.

PERCOLATION TESTING

NV5 performed one (1) field permeability test at the location shown on Drawing 1. The test was advanced to 15 feet below grade and performed in general accordance with the South Florida Water Management District's Usual Open Hole Procedure.

For the test, a roller bit and nominal 3-inch diameter casing was rotated to 15 feet below grade. A slotted nominal 2-inch diameter PVC pipe was then installed within the hole. Next, with the borehole open, water was pumped into the borehole to develop a test hydraulic head. Once the hydraulic head was stabilized, the average flow rate into the borehole was recorded. A formula developed by the South Florida Water Management District was used to estimate hydraulic conductivity.

The results of the tests are presented in the table below, and appended to this letter on the sheets titled *South Florida Water Management District Usual Open Hole Test*. Included with the results are descriptions of the subsurface conditions encountered at the test locations. It should be noted that the above results are un-factored and represent the conditions at the test locations at the time of the tests. To account for potential variations in hydraulic conductivity across the site the designer should apply an appropriate safety factor to the reported values.

Test ID	Test Depth (ft.)	Hydraulic Conductivity (cfs/ft ² -ft. head)

CLOSURE

We appreciate the opportunity to provide geotechnical engineering services during this phase of the project and we trust that the foregoing is responsive to your needs at this time. In the event that you have any questions or if you require additional information, please contact the undersigned.

Sincerely,
NV5, INC.

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
REVISED GRANT WORK PLAN
AGREEMENT NO. C2106 – Miami Shores Village**

ATTACHMENT 3-B

- I. PROJECT TITLE:** Drainage Improvement NE 8th Avenue between 91st and 93rd Streets
- II. PROJECT LOCATION(S):** The Project will be located in the Miami Shores Village within Miami Dade County; Lat/Long (25.859090, -80.181084).
- III. PROJECT BACKGROUND:** This is a residential community that regularly experiences heavy flooding due to inadequate drainage infrastructure. The Village will increase the system's capacity to collect runoff and prevent flooding. The proposed drainage project reduces flooding and protects against roadway closure during heavy rain or tidal flooding events. In addition, the drainage project will utilize exfiltration trenches to capture and dissipate runoff on-site and does not require a direct discharge into the C-8 Canal (Biscayne Canal) and Biscayne Bay. The Village is in the northeastern end of Miami-Dade County. Miami Shores has a resident population of approximately 10,450 and was incorporated in 1932. The Village is bound by the Biscayne Intercoastal Waterway on the east, making it susceptible to flooding.
- IV. PROJECT DESCRIPTION:** The grantee proposes to install a new stormwater management system along NE 8th Avenue between 93rd Street and 91st Street basin, replacing the existing undersized and antiquated system which consists of two isolated catch basins. This project is on the Capital Improvement recommendations list. The funding will be used to add 5 to 10 catch basins located at the intersections in this basin (NE 93rd Street, NE 92nd Street, NE 91st Terrace, and NE 91st Street, along the 8th Avenue Corridor); replacing the existing two catch basins; installing approximately 200 LF of cross drain pipe; and installing approximately 600 LF of Exfiltration Trench (French Drains). The new catch basins will be provided with sediment traps (sumps) and pollution retardant baffles to protect the Exfiltration Trenches and increase their efficiency. The Exfiltration Trench will provide water quality treatment and water quantity capacity sized per the South Florida Water Management District standard Exfiltration Trench calculations that is empirically proven to treat and dissipate storm water runoff in South Florida, therefore the village will not be providing any additional water quality testing. No direct discharge to the nearby C-8 Canal (Biscayne Canal) and Biscayne Bay will occur ensuring stormwater runoff remains within the project site and will not sheet flow downstream eliminating all impacts to these water bodies.
- The total project cost is \$600,000 of which \$300,000 is from DEP and \$300,000 is from Miami Shores Village. A summary of the local contributions will be required in the Final Quarterly Progress Report, and financial supporting documentation shall be provided upon request.
- V. TASKS AND DELIVERABLES:** All deliverables shall be submitted electronically unless otherwise indicated. All permit(s) must be acquired prior to work starting (if required).

Task 1: Preconstruction Activities

Description: The Grantee will complete the design of the drainage system and obtain all necessary permits for construction of the project. Activities necessary for design, such as surveys, geotechnical evaluations, and environmental assessments, are eligible under this task.

Documentation: The Grantee will submit a signed summary of activities completed for the period of work covered in the payment request, including the percentage of design complete and permitting status, using the format provided by the Department's Grant Manager. For the final documentation, the Grantee will also submit a copy of the design completed with the funding provided for this task, a list of all required permits identifying issue dates and issuing authorities, and copies of any surveys, assessments, or other documents funded under this task. Upon request by the Department's Grant Manager, the Grantee will provide additional supporting documentation relating to this task.

Performance Standard: The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, the Grantee may proceed with payment request submittal.

Task 2: Construction

Deliverables: The Grantee will perform the installation of the drainage system of catch basins, pollutant retardant baffles and exfiltration trenches (french drains) in accordance with the construction contract documents.

Documentation: The Grantee will submit: 1) a signed summary of activities completed for the period of work covered in the payment request, using the format provided by the Department's Grant Manager. Upon request by the Department's Grant Manager, the Grantee will provide additional supporting documentation relating to this task.

Performance Standard: The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, the Grantee may proceed with payment request submittal.

Payment Request Schedule: The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

PROJECT TIMELINE & BUDGET DETAIL BY TASK: The tasks must be completed by the corresponding task end date. Cost reimbursable grant funding must not exceed the budget amounts as indicated below.

For any Task with a Budget Category of Contractual Services, the Grantee shall submit a copy of the executed subcontract to the Department prior to submitting any invoices for subcontracted work.

Task No.	Task Title	Budget Category	Grant Amount	Local Contribution	Task Start Date	Task Due Date
1	Preconstruction Activities	No-Cost Deliverable	\$0	\$0	1/25/2024	03/31/2025
2	Construction	Contractual Services	\$300,000	\$300,000	1/25/2024	4/30/2026
Total:			\$ 300,000	\$300,000		

Note that, per Section 8 of Attachment 1 in the Agreement, authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of the Department if the Legislature reduces or eliminates appropriations. Extending the contract end date carries the risk that funds for this project may become unavailable in the future. This should be a consideration for the Grantee with this and future requests for extension.

By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in 2 CFR §200.330

1. A recipient that expends \$1,000,000 or more in Federal awards in its fiscal year, must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F. EXHIBIT 1 to this Attachment indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department of Environmental Protection. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR 200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200.514 will meet the requirements of this part.
2. For the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR 200.508-512.
3. A recipient that expends less than \$1,000,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F-Audit Requirements. If the recipient expends less than \$1,000,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F-Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from non-federal entities).

- 14.2.1 If any law, ordinance, rule, regulation, code or order of any public body having jurisdiction requires any Work (or part thereof) to specifically be inspected, tested or approved, the Contractor shall assume full responsibility, pay all costs in connection therewith and furnish the Project Manager the required certificates of inspection, testing or approval. The Contractor shall also be responsible for and shall pay all costs in connection with any inspection or testing required in connection with the Village's acceptance of a manufacturer, fabricator, supplier or distributor of materials or equipment submitted for approval prior to Contractor's purchase thereof for incorporation of the Work.

- 14.2.2 All inspections, tests or approvals other than those required by law, ordinance, rule, regulation, code or order of any public body having jurisdiction shall be performed by the VILLAGE or by a professional testing firm designated by the VILLAGE. The VILLAGE will pay for sampling and testing if the test results are passing. The Contractor will reimburse the VILLAGE for sampling, testing, and retesting costs associated with failing tests.

- 14.2.3 Neither observations by the Project Manager nor inspections, tests or approvals by others shall relieve the Contractor from his obligations to perform the Work in accordance with Contract Documents.

14.3 Uncovering Work: If any work that is to be inspected, tested or approved is covered without approval or consent of the Project Manager, it must, if requested by the Project Manager, be uncovered at the Contractor's sole expense unless the Contractor has given the Project Manager timely notice to cover such Work and the Project Manager has not acted with reasonable promptness in response to such notice.

14.4 If the Project Manager considers it necessary or advisable that Work covered in accordance with Article 16 be observed by the VILLAGE or inspected or tested by others, the Contractor at the VILLAGE'S request shall uncover, expose or otherwise make available for observation, inspection or testing as the Project Manager may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is defective, the contractor shall bear all the expenses of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction, including compensation for additional professional services, and an appropriate deductive Change Order shall be issued. If, however,

such work is not found to be defective, the Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to such uncovering, exposure, observation, inspection testing and reconstruction if he makes a claim therefore as provided in Articles 16.

14.5 VILLAGE May Stop the Work: If the Work is defective, or the Contractor fails to supply sufficient skilled supervisory personnel or workmen or suitable materials or equipment or the work area is deemed unsafe, the VILLAGE may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of the VILLAGE to stop the Work shall not give rise to any duty on the part of the VILLAGE to exercise this right for the benefit of the Contractor or any other party.

The VILLAGE will not award any increase in Contract Price or Contract Time if the Work is stopped due to the circumstances described herein.

14.6 Correction or Removal of Defective Work Before Final Payment: If required by the Project Manager, the Contractor shall promptly, without cost to the VILLAGE and as Specified by the Project Manager, either correct any defective Work, whether or not fabricated, installed or completed, or if the Work has been rejected by the remove it from the site and replace it with non-defective Work.

14.7 One Year Correction Period After Final Payment: If within one (1) year after the date of final acceptance, or such longer period of time as may be prescribed by law or by the terms of any applicable special guarantee required by the Contract Documents, any work is found to be defective, the Contractor shall promptly, without cost to the to the VILLAGE and in accordance with VILLAGE's written instructions either correct such defective Work, or, if it has been rejected by the VILLAGE, remove it from the site and replace it with non-defective Work.

14.8 If The Contractor does not promptly comply with the terms of such instructions or in an emergency where delay would cause serious risk of loss or damage, the VILLAGE may have the defective Work corrected or the rejected Work removed and replaced, and all direct and indirect costs for such removal and replacement, including compensation for additional professional services, shall be paid by the Contractor.

14.9 Acceptance off Defective Work, Deductions, If instead of requiring corrections or removal and replacement of defective work the VILLAGE, at the VILLAGE'S sole option, prefers to accept it, the VILLAGE may do so, In such case, if acceptance occurs prior the Project Manger's recommendation of final payments, a Change Order shall be issued incorporating the necessary revisions in the Contracts Documents, including appropriate reduction in the Contract Price; or if the acceptance occurs after such recommendation, an appropriate amount shall be paid by the Contractor to the VILLAGE.

14.10 VILLAGE May Correct Defective Work: If the Contractor fails within a reasonable time after written notice of the Project Manager to proceed to correct defective Work or to remove and replace rejected Work as required by the Project Manager, or if the Contractor fails to perform the Work in accordance with the Contract Documents, the VILLAGE may, after seven (7) days written notice to the Contractor, correct and remedy any such deficiency. In exercising its rights under this paragraph, the VILLAGE shall proceed expeditiously. To the extent necessary to complete corrective and remedial action, the VILLAGE may exclude the Contractor from all or part of the

site, take possession of all or part of the Work, suspend the Contractor's services related thereto and take possession of the Contractor's tools, construction equipment and material stored at the site or elsewhere. The Contractor shall allow the VILLAGE's representative agents and employees such access to the site as may be necessary to enable the VILLAGE to exercise its rights under this paragraph. All direct and indirect costs of the VILLAGE in exercising such rights shall be charged against the Contractor in an amount verified by the Project Manager, and a Change Order shall be issued incorporating the necessary revisions in the Contract Documents and a reduction in the Contract Price. Such direct and indirect costs shall include, in particular but without limitation, compensation for additional professional services required and costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of the Contractor's defective Work. The Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the Work attributable to the exercise by the VILLAGE of the Village's right hereunder.

ARTICLE 15 INDEMNIFICATION

15.1 **Disclaimer of Liability:** The VILLAGE shall not at any time, be liable for injury or damage to any person or property from any cause, whatsoever, arising out of the Contractor's construction and occurring fulfillment of this agreement.

15.2 **Indemnification:** For other, additional good valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

- 15.2.5 The Contractor and the VILLAGE agree that Section 725.06(2), Florida Statutes controls the extent and limits of the indemnification and hold harmless provisions of this Agreement, if any, and that the parties waive any defects in the wording of this Article that runs afoul of said statutory section.

ARTICLE 16. DIFFERING SUBSURFACE OR PHYSICAL CONDITIONS

16.1 During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the contract, are encountered at the site, the party discovering such conditions shall promptly notify the other party in writing of the specific differing conditions before the site is disturbed and before the affected work is performed.

16.2 Upon written notification, the ENGINEER will investigate the conditions, and if it is determined that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, an adjustment, excluding anticipated profits, will be made and the contract modified in writing accordingly. The ENGINEER will notify the contractor of the determination whether or not an adjustment of the contract is warranted.

16.3 No contract adjustment which results in a benefit to the contractor will be allowed unless the contractor has provided the required written notice.

16.4 No contract adjustment will be allowed under this clause for any effects caused on unchanged work.

ARTICLE 17. SUSPENSIONS OF WORK ORDERED BY THE ENGINEER.

17.1 If the performance of all or any portion of the work is suspended or delayed by the ENGINEER in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the construction industry) and the contractor believes that additional compensation and/or contract time is due as a result of such suspension or delay, the contractor shall submit to the ENGINEER in writing a request for adjustment within 7 calendar days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment.

17.2 Upon receipt, the ENGINEER will evaluate the contractor's request. If the ENGINEER agrees that the cost and/or time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control of and not the fault of the contractor, its suppliers, or subcontractors at any approved tier, and not caused by weather, the ENGINEER will make an adjustment (excluding profit) and modify the contract in writing accordingly. The contractor will be notified of the ENGINEER's determination whether or not an adjustment of the contract is warranted.

17.3 No contract adjustment will be allowed unless the contractor has submitted the request for adjustment within the time prescribed.

17.4 No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided or excluded under any other term or condition of this contract.

ARTICLE 18. SIGNIFICANT CHANGES IN THE CHARACTER OF THE WORK.

18.1 The ENGINEER reserves the right to make, in writing, at any time during the work, such changes in quantities and such alterations in the work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the contract nor release the surety, and the contractor agrees to perform the work as altered.

18.2 If the alterations or changes in quantities significantly change the character of the work under the contract, whether such alterations or changes are in themselves significant changes to the character of the work or by affecting other work cause such other work to become significantly different in character, an adjustment, excluding anticipated profit, will be made to the contract. The basis for the adjustment shall be agreed upon prior to the performance of the work. If a basis cannot be agreed upon, then an adjustment will be made either for or against the contractor in such amount

as the ENGINEER may determine to be fair and equitable.

- 18.3 If the alterations or changes in quantities do not significantly change the character of the work to be performed under the contract, the altered work will be paid for as provided elsewhere in the contract.
- 18.4 The term “significant change” shall be construed to apply only to the following circumstances:
- (A) When the character of the work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or
 - (B) When a major item of work, as defined elsewhere in the contract, is increased in excess of 125 percent or decreased below 75 percent of the original contract quantity. Any allowance for an increase in quantity shall apply only to that portion in excess of 125 percent of original contract item quantity, or in case of a decrease below 75 percent, to the actual amount of work performed.

ARTICLE 19 CHANGE OF CONTRACT PRICE

- 19.1 Cost of the Work: Change of Contract Price, approved by VILLAGE, shall be computed as follows incurred and paid by Contractor in the proper performance of the Work. Except as otherwise may be agreed to in writing by the VILLAGE, these costs shall be in amounts no higher than those prevailing in the VILLAGE and shall include only the following items:
- 19.1.1 Payroll costs for employees in the direct employ of the Contractor in the performance of the Work under schedules of job classifications agreed upon by the VILLAGE and the Contractor. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus and cost of fringe benefits which shall include social security contributions, unemployment, excise and payroll taxes, compensation, health and retirement benefits, bonuses, sick leave, vacation and applicable holiday pay.
 - 19.1.2 Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage, and required suppliers and field services. All cash discounts, rebates and refunds and all returns from sale of surplus materials and equipment shall accrue to the VILLAGE, and the Contractor shall make provisions so that they may be obtained.
 - 19.1.3 Supplemental costs including the following:
 - 19.1.3.1 Cost, including transportation and maintenance of all materials, supplies, equipment, machinery, appliances, office and temporary facilities at the site and hand tools not owned by the workers, which are consumed in the performance of the Work.
 - 19.1.3.2 Rentals of all construction equipment and machinery and the parts whether rented from the Contractor or others in accordance with rental

agreements approved by the VILLAGE, and the costs of transporting, loading, unloading, installation, dismantling and removal. The rental of any such equipment, machinery or parts shall cease when the use is no longer necessary for the Work. Sales, consumer, use or similar taxes related to the Work and for which the Contractor is liable, imposed by laws and regulations.

19.1.3.3 Royalty payments and fees for permits and licenses.

19.1.3.4 The cost of utilities, fuel and sanitary facilities at the Worksite.

19.1.3.5 Minor expenses such as telegrams, long distance telephone calls, telephone service at the site, expressage and similar petty cash items in connection with the Work.

19.1.3.6 Cost of premiums for additional bonds and insurance required because of changes in the Work.

19.2 The Contract Price may only be increased by a Change Order when Work is modified and approved by the VILLAGE in writing. Any claim for an increase in the Contract Price resulting from a Change Order shall be based on written notice delivered to the Project Manager within ten (10) days of the occurrence of the Change Order giving rise to the claim. Notice of the amount of the claim with supporting data shall be included in the Change Order and delivered within twenty (20) days of such occurrence unless Project Manager allows an additional period of time to ascertain accurate cost data. Any change in the Contract Price resulting from any such claim shall be incorporated in the Change Order.

19.3 Not Included in the Cost of the Work: The term “cost of the Work” shall not include any of the following:

19.3.1 Payroll costs and other compensation of the Contractor’s officers executives, principals (of partnership and sole proprietorships), general managers, engineers, architects, estimators, attorneys, auditor, accountants, purchasing and contracting agents, expeditors, timekeepers, clerks and other personnel employed by the Contractor whether at the site or in the Contractor’s principal or branch office for general administration of the work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 19.1.1, all of which are to be considered administrative costs covered by the Contractor’s fee.

19.3.2 Expenses of the Contractor’s principal and branch offices other than the Contractor’s office at the site.

19.3.3 Any part of the Contractor’s capital expenses, including interest on the Contractor’s capital employed for the Work and charges against the Contractor for delinquent payments.

19.3.4 Cost of premiums for all bonds and for all insurance whether or not the Contractor is required by the Contract Documents to purchase and maintain the same.

19.3.5 Costs due to the negligence of the Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied and making good any damage to property.

19.3.6 Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraph 19.1.

19.4 Cost Breakdown Required: Whenever the cost of any Work is to be determined pursuant to this Article, the Contractor will submit in form acceptable to the VILLAGE an itemized cost breakdown together with supporting documentation. Whenever a change in the Work is to be based upon mutual acceptance of a lump sum, whether the amount is an addition, credit, or no-charge-in- cost, the Contractor shall submit an estimate substantiated by a complete itemized breakdown:

19.4.1 The breakdown shall list quantities and unit prices for materials, labor, equipment and other items of cost.

19.4.2 Whenever a change involves the Contractor and one (1) or more subcontractors and the change is an increase in the agreed compensation, the overhead and profit percentage for the Contractor and each subcontractor shall be itemized separately.

19.5 Time for the VILLAGE to Approve Extra Work: Extra Work exceeding the specific project must be approved by the VILLAGE Commission and a written Change Order proposal must be submitted to the Public Works Director for submittal and approval by the VILLAGE Manager and VILLAGE Commission. No financial or time claim for delay to the project resulting from the Change Order approval process outlined under Article 19 will be allowed.

ARTICLE 20 CHANGE OF THE CONTRACT TIMES

20.1 The Contract Time may only be changed by a Change Order. Any claim for an extension in the Contract Time shall be based on written notice delivered to the Project Manager within five (5) days of the occurrence of the event giving rise to the claim. Any change in the Contract Time resulting from any such claim shall be incorporated in a Change Order.

20.2 The Contract Time will be extended in an amount equal to time lost due to delays beyond the control of the Contractor if a claim is made there for as provided. Such delays shall include but not be limited to, acts or neglect by the VILLAGE, Orto fires, floods, labor disputes, epidemics, abnormal weather conditions, or acts of God.

20.3 All time limits stated in the Contract Documents are of the essence. The provisions of this Article 24 shall not exclude recovery for damages for delay by the Contractor.

20.4 Delays caused by or resulting from entities, contractors or subcontractors who are not affiliated with the CONTRACTOR (non-affiliated Contractors) shall not give rise to a claim by the CONTRACTOR for damages for increases in material and/or labor costs. Such entities, contractors and subcontractors include, but are not limited to, the VILLAGE's contractors and subcontractors, Florida Power and Light Company, AT&T and Florida East Coast Railway, LLC.

ARTICLE 21 LIQUIDATED DAMAGES

21.1 Upon failure of the Contractor to complete the Work within the time specified for completion, the Contractor shall pay to the VILLAGE the sum of one thousand six hundred ninety-nine (\$1,685) for each and every calendar day that the completion of the Work is delayed beyond the time specified in this Agreement for completion, as fixed and agreed liquidated damages and not as a penalty, so long as the delay is caused by the Contractor.

21.2 Amount of Liquidated Damages: Applicable liquidated damages are the amounts established in the following schedule:

Original Contract Amount	Daily Charge Per Calendar Day
\$299,999 and under	\$904
\$300,000 but less than \$2,000,000.....	\$1,685

21.2.1 The ENGINEER may approve adjustments to the liquidated damages amounts in accordance with the Construction Project Administration Manual (CPAM) provided all contract work is complete.

21.3 Should an act of God or the acts or omissions of the VILLAGE, its agents or representatives, in derogation to the terms of this Agreement cause the delay, the Contractor shall not be responsible for the delay nor liquidated damages. Liquidated damages are fixed and agreed upon between the Parties, recognizing the impossibility of precisely ascertaining the amount of damages that will be sustained by the VILLAGE as a consequence of such delay and both parties desiring to obviate any question of dispute concerning the amount of damages and the cost and effect of the failure of the Contractor to complete the Work on time. Liquidated damages shall apply separately to each portion of the Work for which a time of completion is given.

21.4 The VILLAGE shall have the right to deduct from or retain any compensation which may be due, or which may become due and payable to the Contractor the amount of liquidated damages, and if the amount retained by the VILLAGE is insufficient to pay in full such liquidated damages, the Contractor shall pay all liquidated damages in full. The Contractor shall be responsible for reimbursing the VILLAGE, in addition to liquidated damages or other damages for delay, for all costs of engineering, architectural fees, and inspection and other costs incurred in administering the construction of the Project beyond the completion date specified or beyond an approved extension of time granted to the Contractor whichever is later. Delays caused by or resulting from entities, contractors or subcontractors who are not affiliated with the Contractor shall not give rise to a claim by Contractor for damages for increase in material and/or labor costs. Such entities, contractors and subcontractors include, but are not limited to, the VILLAGE's contractors and subcontractors, Florida Power and Light Company, AT&T, and Florida East Coast Railway, LLC.

21.5 No Extended Damages: For other and additional good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the Contractor covenants and agrees that in the event of any delay of construction or for any reason, allegation or claim, and notwithstanding the reason of the delay, reason, claim or allegation or who caused them or the construction delay or

whether they were caused by the VILLAGE, that there will be no entitlement to Contractor to or for any direct or indirect financial damages or losses for extended corporate overhead impact, extended project overhead impacts, project support services, mobilization or demobilization or by whatever other label or legal concept or theory and types of names or labels or basis such claims may have, or any business damages or losses of whatever type or nature, and Contractor hereby waives any right to make any such claim or claims. This provision will have application and effect when construction delays are anticipated and agreed upon by both the VILLAGE and the Contractor.

ARTICLE 22. SUSPENSION OF WORK AND TERMINATION

22.1 VILLAGE May Suspend Work: The VILLAGE may, at any time and without cause, suspend the Work or any portion of the Work for a period of not more than ninety (90) days by notice in writing to the Contractor which shall fix the date on which Work shall be resumed. The Contractor shall resume the Work on the date fixed. The Contractor will be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to any suspension, if the Contractor makes a claim as provided in Articles 18 and 20.

22.2 VILLAGE May Terminate Work: The VILLAGE retains the right to terminate this Agreement, with thirty (30) days prior written notice. Additionally, the VILLAGE may also terminate this Agreement upon 15 days' notice upon the occurrence of any one or more of the following events:

- 22.2.1 If the Contractor commences a voluntary case or a petition is filed against the Contractor, under any chapter of the Bankruptcy Code, or if the Contractor takes any equivalent or similar action by filing a petition or otherwise under any other federal or state law in effect at such time relating to the bankruptcy or insolvency.
- 22.2.2 If the Contractor makes a general assignment for the benefit of creditors.
- 22.2.3 If a trustee, receiver, custodian or agent of the Contractor is appointed under applicable law or under Contract, whose appointment or authority to take charge of property of the Contractor is for the purpose of enforcing a lien against such property or for the purpose of general administration of such property for the benefit of the Contractor's creditors.
- 22.2.4 If the Contractor persistently fails to perform the Work in accordance with the Contract Documents, including but not limited to, failure to supply sufficient skilled Workers or suitable materials or equipment or failure to adhere to the progress schedule as same may be revised from time to time.
- 22.2.5 If the Contractor repeatedly fails to make prompt payments to subcontractors or for labor, material or equipment.
- 22.2.6 If the Contractor repeatedly disregards proper safety procedures.
- 22.2.7 If the Contractor disregards any local, state or federal laws or regulations.
- 22.2.8 If the Contractor otherwise violates any provisions of this Agreement.

22.3 If the Contractor, within a period of ten (10) calendar days after such notice, shall not proceed in accordance therewith, the VILLAGE may exclude the Contractor from the Work site and take the prosecution of the Work out of the hands of the Contractor, and take possession of the Work and all of the Contractor's tools, appliances, construction equipment and machinery at the site and use them without liability to the VILLAGE for trespass or conversion, incorporate in the Work all materials and equipment stored at the site or for which the VILLAGE has paid the Contractor but which are stored elsewhere. And Further, the Contractor may be excluded from the Work site and the VILLAGE take possession of the Work and of all the Contractor's tools, appliances, construction equipment and machinery at the site and use them without liability to the VILLAGE for trespass or conversion, incorporate in the Work all materials and equipment stored at the site or for which the VILLAGE has paid the Contractor but which are stored elsewhere, and finish the Work as the VILLAGE may deem expedient. In this instance, the Contractor shall not be entitled to receive any further compensation until the Work is finished.

22.3.1 If after notice of termination of Contractor's right to proceed, it is determined for any reason that Contractor was not in default, the rights and obligations of the VILLAGE and Contractor shall be the same as if the notice of termination had been issued pursuant to the Termination for Convenience Clause as set forth in Section 25.5 below.

22.3.2 Upon receipt of Notice of Termination, Contractor shall promptly discontinue all affected work unless the Notice of Termination directs otherwise and deliver or otherwise make available to VILLAGE all data, drawings, specifications reports, estimates, summaries and such other information as may have been required by the Contract Documents whether completed or in process.

22.4 If the Contractor commits a default due to its insolvency or bankruptcy, the following shall apply:

22.4.1 Should this Agreement be entered into and fully executed by the parties, funds released and the Contractor (Debtor) files for bankruptcy, the following shall occur:

22.4.1.1 In the event the Contractor files a voluntary petition under 11 U.S.C. 301 or 302, or an order for relief is entered under 11 U.S.C. 303, the Contractor shall acknowledge the extent, validity, and priority of the lien recorded in favor of the VILLAGE. The Contractor further agrees that in the event of this default, the VILLAGE shall, at its option, be entitled to seek relief from the automatic stay pursuant to 11 U.S.C. 362. The VILLAGE shall be entitled to relief from the automatic stay pursuant to 11 U.S.C. 362(d) (1) or (d) (2), and the Contractor agrees to waive the notice provisions in effect pursuant to 11 U.S.C. 362 and any applicable Local Rules of the United States Bankruptcy Court. The Contractor acknowledges that such waiver is done knowingly and

voluntarily.

22.4.1.2 Agreement constitutes an executory contract within the meaning of 11 U.S.C. 365. The Contractor acknowledges that this Agreement is not capable of being assumed pursuant to 11 U.S.C. 365(c) (2), unless the VILLAGE expressly consents in writing to the assumption. In the event the VILLAGE consents to the assumption, the Contractor agrees to file a motion to assume this Agreement within ten (10) days after receipt of written consent from the VILLAGE, regardless of whether the bankruptcy proceeding is pending under Chapter 7, 11, or 13 of Title 11 of the United States Code. The Contractor further acknowledges that this Agreement is not capable of being assigned pursuant to U.S.C. 365(b) (1).

22.5 Termination for Convenience: This Contract may be terminated for convenience in writing by VILLAGE upon thirty (30) days written notice to Contractor (delivered by certified mail, return receipt requested) of intent to terminate and the date on which such termination becomes effective. In such case, Contractor shall be paid for all work executed and expenses incurred prior to termination. In addition to termination settlement costs reasonably incurred by Contractor relating to commitments which had become firm prior to the termination. Payment shall include reasonable profit for work/services satisfactorily performed. No payment shall be made for profit for work/services which have not been performed.

22.6 Where the Contractor's service has been so terminated by the VILLAGE, the termination shall not affect any rights of the VILLAGE against the contractor then existing or which may thereafter accrue. Any retention or payment of moneys due the Contractor by the VILLAGE will not release the Contractor from liability.

22.7 The Contractor has no right, authority or ability to terminate the Work except for the wrongful Withholding of any payments due the Contractor from the VILLAGE.

ARTICLE 23. DISPUTE RESOLUTION

23.1 Resolution of Disputes: Questions, claims, difficulties and disputes of whatever nature which may arise to the technical interpretation of the Contract Documents and fulfillment of this Agreement as to the character, quality, amount and value of any work done and materials furnished, or proposed to be done or furnished under or, by reason of, the Contract Documents which cannot be resolved by mutual agreement of the Contract Administrator and Contractor shall be submitted to the CONTRACTOR for resolution. When either party has determined that a disputed question, claim, difficulty or dispute is at an impasse that party shall notify the other party in writing and submit question, claim, difficulty or dispute to the CONTRACTOR for resolution. The parties may agree to a proposed resolution at any time without the involvement and determination of the CONTRACTOR.

The notice must state the basis of the objection and the proposed resolution. Final resolution of such dispute shall be made by the VILLAGE Manager. The VILLAGE Manager's decision shall be final and binding on the parties.
- 23.1.3 All non-technical administrative disputes (such as billing and payment) shall be determined by Contract Administrator.
